

Leadership & Career Opportunities in Computational Biosciences

Sept. 30, 2011 12:30 PM

William Conroy Honors Center

Brown bag seminar

Lawrence Hunter, Ph.D.

Center for Computational Pharmacology

Computational Bioscience Program

University of Colorado Denver School of
Medicine

Join Professor Larry Hunter in an informal discussion of opportunities in the field of computational biosciences. Dr. Hunter will also provide his insights about the role of leadership in transforming academic institutions with regard to interdisciplinary scholarship and broadening participation for underrepresented groups.

This event is a brown bag seminar. You are welcome to bring your lunch.

Event Hosted By:

Dr. Elba Serrano (RISE Program Director; BRAiN Program Director)

Nabeeh Hasan (RISE to the Postdoctorate Scholar)

Daniel Ramirez-Gordillo (BRAiN Graduate Assistant)

Sponsored By:

NIH R25GM061222 (RISE)

NIH R25GM097633 (BRAIN)
