

One Stop R Workshop

Session 1

June 9

8 a.m.-12:30 p.m.

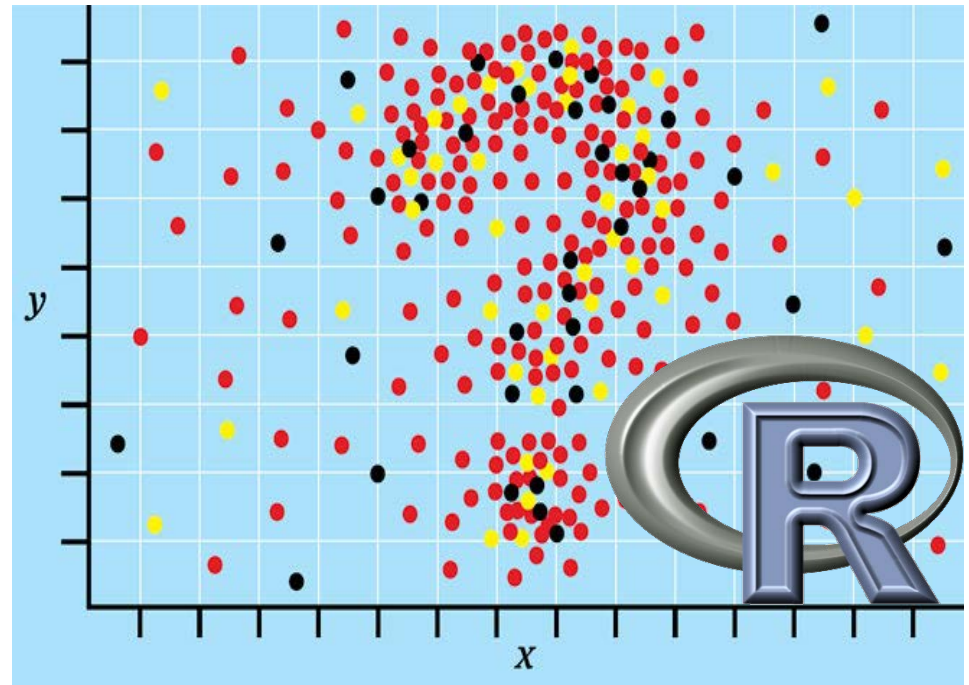

Session 2

June 16

8 a.m.-12:30 p.m.

BC rm 115

Supported by NIH grant #R25GM061222

Dr. David Daniel, NMSU Associate Professor of Applied Statistics will provide two sessions of an introduction to R, a free software environment for statistical computing and graphics. It compiles and runs on a wide variety of UNIX platforms, Windows and MacOS. R provides a wide variety of statistical (linear and nonlinear modelling, classical statistical tests, time-series analysis, classification, clustering, etc.) and graphical techniques, and is highly extensible.
