

# **Statistics for Rigor and Reproducibility**

**June 16**

**8 a.m.-12:30 p.m.**

**BC rm 115**

Supported by NIH grant #R25GM061222

Scientific rigor and transparency in conducting biomedical research is key to the successful application of knowledge toward improving health outcomes. **Dr. David Daniel**, NMSU Associate Professor of Applied Statistics, will present an overview of the implementation of statistical methods to enhance rigor and reproducibility in research.
